NOVEMBER 1, 2012

Dear City Resident:

The Eagle Mountain City Council has requested that the Board of Trustees of Salt Lake Valley Fire Service Area annex the entire City of Eagle Mountain into the Fire Service Area. This process requires notice to all Eagle Mountain property owners and requires a public hearing before annexation can be considered and approved. Notice is hereby given, therefore, that:

- Eagle Mountain City is proposed to be annexed into the Salt Lake Valley Fire Service Area effective January 1, 2013.
- A public hearing regarding the annexation will be held at 7:30 PM, Tuesday, November 13, 2012, in the Eagle Mountain City Hall, 1650 East Stagecoach Run, Eagle Mountain, UT.
- Persons desiring information regarding this matter may telephone 801-743-7204.
- The fire services will be funded primarily by property tax. The Salt Lake Valley Fire Service area also imposes fire facility impact fees on new construction. The estimated property tax imposed by the Service Area on a home valued at \$200,000 would be \$228.67. The estimated property tax imposed by the Service Area on a business valued at \$200,000 would be \$415.80.
- Eagle Mountain City has declared its intent to reduce its tax levy and fees by the same amount that the City currently collects in property tax revenues. The Salt Lake Valley Fire Service Area tax levy is larger than the current Eagle Mountain tax levy. The net difference for a current home of a \$200,000 is \$45.19 a year or \$3.77 a month. Eagle Mountain will be reducing its property tax revenue and utility fees to make the net difference to a \$200,000 home a yearly increase of \$45.19.
- Future residential, commercial, and industrial construction in Eagle Mountain will be subject to fire facility and equipment impact fees to offset a portion of the cost of future growth. Salt Lake Valley Fire Service Area is expected to amend its capital facilities plan to determine if a change to its current fee level will be necessary. Eagle Mountain will be eliminating its fire facility and equipment impact fees.

- The Salt Lake Valley Fire Service Area is a Service Area that can impose property taxes. It uses those taxes to pay the Unified Fire Authority for fire protection services.
- An elected official of Eagle Mountain will be a member of the governing boards of both the Service Area and the Unified Fire Authority.
- Eagle Mountain City property owners may protest the annexation by filing a written, signed protest with the Service Area by December 13, 2012. The protests should be mailed or delivered to:

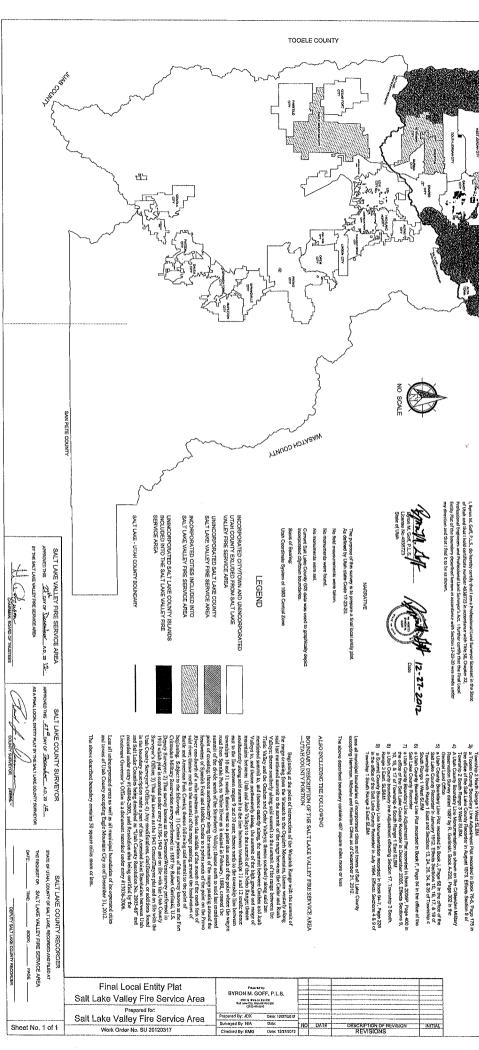

Salt Lake Valley Fire Service Area 3380 S. 900 W. Salt Lake City, UT 84119

• At the public hearing all interested persons are invited to attend and ask questions regarding the proposed annexation or to address the Service Area Board of Trustees.

Sincerely,

Protesting The Annexation

Salt Lake Valley Fire Service Area 3380 S. 900 W. Salt Lake City, UT 84119

Dear Board of Trustees:

My name is Tigran Mirzoyan, I am an Eagle Mountain City property owner. I'm writing this letter to respectfully protest the annexation of Eagle Mountain City by Salt Lake Valley Fire Service Area, planned effective date of January 1, 2013.

Thank you,

Tigran Mirzoyan

To: Salt Lake Valley Fire Service Area, Unified Fire Authority, Board of Trustees, Matt Robinson, Jani Iwamoto, Randy Horiuchi, JoAnn Seghini, Richard Snelgrove, and Roy Tingey

Regards: Annexation of the City of Eagle Mountain into the Salt Lake Valley Fire Service Area

I am protesting the annexation of the City of Eagle Mountain into the Salt Lake Valley Fire Service Area. I have many reasons for this protest, but will list only a few.

First the Mayor and City Council of Eagle Mountain do not have the backing of the property owners, and citizens on this matter. If they did, they would not have bypassed the established precedents of voting on such an extreme change to our City. Years ago the decision of selling the City's Telecom system was put to a vote of the citizens, and approved.

On the 6th of November 2012 the citizens of Eagle Mountain noticed that the choice to vote on this annexation was missing from the ballot. The Mayor, and City Council, has disregarded the God given, Constitutional Rights of agency, choice and freedom.

The second reason I am protesting is also a moral issue, that of not stealing. When we receive something we have not worked for, means someone else had to work for and not receive. The Mayor and City Council are expecting multimillion dollar capital improvements from S.L.V. Fire Service Area citizens, who have worked for many years towards their emergency services. Eagle Mountain City should not be allowed to steal from the Fire Service Area, and its citizens.

In a few years the City of Eagle Mountain will have paid off its loans, and bonds freeing title to its collateral. E.M. will then have enough capital and experience to be an asset, not a parasite to the Fire Service Area. Also with the approval of the citizens by a majority vote, you will have won the hearts of all.

I respectively ask that you do <u>not</u> grant the annexation of Eagle Mountain into the Salt Lake Valley Fire Service Area, and Unified Fire Authority at this time.
