thence west to a point due south of the point where the wagon road from Spanish Fork to White River as it existed in February, 1880, crossed the summit of the divide south of the Strawberry Valley; thence north to said last mentioned point of crossing; thence northwesterly along the summit of the range passing around the headwaters of Spanish Fork and Hobbie Creeks to a point south of the point on the Provo River one-fourth of a mile upstream from the middle of the mouth of the north fork of said river; thence north to the summit of the range passing around the headwaters of Battle and American Fork Creeks; thence following said summit to the point of beginning.

**Narrative**

This map has been created to fulfill the requirements under Section 17-50-104, State of Utah Code: Counties of the state – County boundaries maintained by Lieutenant Governor.  
The counties of the state are those whose geographic boundaries are described in the official county boundary records maintained by the office of the lieutenant governor and may be changed only in accordance with the provisions of this title. The office of the lieutenant governor shall maintain the official county boundaries for the counties of the state and update those boundaries upon the lieutenant governor's issuance, under Section 67-1a-6.5, of an applicable certificate, as defined in that section.  
The county boundary described on this map has been created from the original county description. If changes have been made to the county boundary in accordance with the provisions outlined in state code, the changes are shown in the graphic representation of the boundary; the calls from the boundary adjustment plat have been added to the original description and a reference to the certification document points to the area of change. This map provides a general graphic location of the boundary without being tied to the ground using the Public Land Survey System.  
If more accurate information is needed, a ground survey is required.

**Certification**

I Sean A. Fernandez, Professional Land Surveyor, as prescribed by the laws of the State of Utah and holding license No. 312775 do hereby certify: That this map was prepared by me or under my direction together with the best available data; That due care was exercised in preparing this map; That this map is a geographic representation of the County Boundary to the best of my knowledge and conviction.
