Notice of Impending Boundary Action

Dear Sir:

This is a notice of impending boundary action for North Logan City, Utah as required by State Code 76-1a-6.5 (3) in order to obtain certification from the Office of the Lt. Governor for a set of annexations to our municipality. Attached you will find the documentation relating to this annexation.

The City Council, on December 2, 2009 adopted North Logan Ordinance 09-10 in order to annex a set of three areas of land previously unincorporated and in Cache County. A certified copy of the ordinance is at Attachment 1). All of the areas were considered as unincorporated peninsulas. Area 1, when annexed, totally eliminates one unincorporated peninsula between North Logan and Hyde Park and contains no residences. Most of Area 1 is owned by Cache County. Area 2 reduces the size of an unincorporated peninsula between North Logan and Hyde Park and also contains no residences. Area 3 is the annexation of two lots in a subdivision, which subdivision was mostly already in North Logan and concurred with by Cache County. One of these two lots has a home on it and is the only parcel being annexed that has any residents. The annexation of these two lots also represents the reduction in size of an unincorporated peninsula between North Logan and Hyde Park. In both Areas 2 and 3, the property owners of the land in the remaining part of the unincorporated peninsulas expressed a negative interest in having their property annexed at this time. The City Council felt it was in the best interest of the city to not press for annexation of any property against the will of the owners at this time.

The annexation of all three areas was done using the requirements in State Code 10-2-418, *Annexation of an Island or Peninsula without a Petition*. All of the property owners in this annexation signed documents expressing their agreement with the annexation (Attachments 2A-2E). North Logan has provided for more than one-year most or all municipal-type service to all of the areas being annexed – specifically roads, police protection, fire protection, water and sewer services where there are developed buildings, and access to library services for residents living where there is the one home.

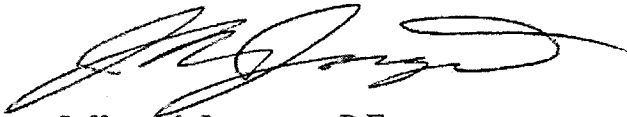

Due to fact that Area 1 includes land that is within 5,000 feet of the Logan Cache Airport's runway, and in accordance with State Code 10-2-402, North Logan City asked for and received concurrence from the Logan City Municipal Council for the annexation as evidenced by the Logan City Resolution 09-75 included herewith as attachment 3.

In addition to the documents included herewith, the City Council has adopted both an annexation plan and the resolution stating their intent to annex as required by state law. We have notified all neighboring entities and special districts including Cache County, Logan City, Hyde Park City, and the Hyde Park Cemetery District of this boundary action and have held the public hearings required by law for this action. If any other documents are needed for verification, please feel free to let me know and they can be sent as needed.

Copies of the three plats showing the areas being annexed are included as attachments 4A-4C. The original plats have been signed by 1) the licensed surveyor who prepared the plats, 2) by the Cache County Surveyor, and 3) by the North Logan Mayor and Recorder. The original, signed plats are currently in my possession.

As the City Administrator for North Logan City I certify that all requirements applicable to the boundary action have been met. We ask for your consideration in this matter and look forward to your certification of this boundary action.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeffrey M. Jorgensen', written in a cursive style.

Dear Property Owners,

At a variety of times over the past three or four years, North Logan City and Hyde Park have tried to annex the area owned by Cache County near the Eccles Ice Center as well as the property on which now sits Nate and Andy's Quality Auto Sales. Both of the parties involved have even submitted letters and entered into other agreements requesting this annexation. For a variety of reasons, including changes in state laws regarding annexation, those requests for annexation by petition could not be processed.

Since that time, North Logan City has completed a new Annexation Policy Plan that indicates that about half of the County's land and all of Nate and Andy's property is to be considered for annexation into North Logan City; and the rest of the County land is to be annexed into Hyde Park. Due to the fact that the area where this property is located is not a "peninsula"; by state law the area can only be annexed through the petition process, i.e. at the request of the property owners, and then only if at least one-half of the property owners by size, and one-third of the property owners by value, agree to the annexation.

North Logan City is now prepared to proceed with the official annexation and to do so requests that the County and the owners of Nate and Andy's sign the attached petition for annexation. Once this is done we will have our engineers draw up the final annexation plat map and press forward with the rest of the annexation process.

The annexation petition normally requires the applicants' petitioning the city to provide a map, suitable for recording and prepared by a licensed engineer, showing the area to be annexed. In this case, North Logan City will be paying for that plat map to be drawn up. Please circle in the appropriate place indicating your desire to annex and sign the petition. Please return the petition, with your original signatures on it, in the enclosed envelope. If you have any questions please feel free to contact me at 435-752-1310, ext. 14.

Sincerely,

Jeffrey M. Jorgensen, P.E.
