SECTION 5. FINDINGS OF FACT, CONCLUSIONS OF LAW, AND CONDITIONS OF APPROVAL.

Findings of Fact

1. The property is subject to the January 17, 2012 Annexation Agreement between Park City and Quinn's Junction Partnership that sets forth certain requirements and waivers for the MPD development. These waivers are due to pre-existing vesting in Summit County and the terms of the January 18, 2012 County Settlement Agreement.
2. Land Uses proposed in the MPD Plans include a 100 room/key hotel and associated lodging uses, a film studio campus with sound stages, and associated uses, including support commercial, recording studio, outdoor stage amphitheater, enclosed atrium area between the hotel and ballroom/meeting space, screening rooms and theater, related mixed use office/retail/entertainment, sound stages, film school and related educational uses, associated offices, workshops, and production support and offices. The Gross Floor Area allowed per the Annexation Agreement is 374,000 square feet. Exceptions to the Floor Area, including porches, balconies, patios and decks, vent shafts, courts, and one atrium subject to further restrictions, are spelled out in the Annexation Agreement.
3. Proposed uses as identified in the MPD Plans (Exhibit F) are consistent with the January 17, 2012 Annexation Agreement.

4. The City Council as the final approving body of the MPD has decreased the number of Off-Street Parking Spaces within MPDs based upon a parking analysis and recommendation from the Planning Department per Section 15-6-5 (E).
5. The City Council hereby incorporates the staff reports dated March 14<sup>th</sup>, March 28<sup>th</sup>, April 11<sup>th</sup>, April 25<sup>th</sup>, May 17<sup>th</sup> and May 24<sup>th</sup>, 2012 as part of the record of decision.

#### Conclusions of Law

1. Due to the unique circumstances of the terms and conditions of the County Settlement Agreement, the Annexation and Zoning Map amendment are consistent with the Annexation Agreement (Exhibit D), the City's Annexation Policy Plan, Quinn's Junction Study Area, the required findings and conclusions of LMC 15-6-6, and the Park City General Plan (2005).
2. Approval of the Annexation and Zoning Map amendment does not adversely affect the health, safety, and welfare of the citizens of Park City.

#### Conditions of Approval

1. The Official Zoning Map shall be amended to designate the Quinn's Junction Partnership Annexation property with Community Transition (CT) zoning, with a Regional Commercial Overlay (RCO) limited to the commercial uses provided in the Annexation Agreement dated January 17, 2012 and the MPD concurrently approved herein. To the extent there is any conflict between the MPD and the Annexation Agreement, the terms of the MPD shall govern.
2. The attached Exhibits, including the Development Agreement for the Quinn's Junction Annexation and the Annexation Agreement, shall be fully executed and recorded at Summit County, along with the Annexation Plat.
3. The Master Planned Development Plans hereby approved and all final design, Administrative CUP and building permits shall comply with the Annexation Agreement and all applicable Land Management Code "LMC" provisions that are not contrary to said Annexation Agreement.
4. The required Administrative Conditional Use permit application for final design shall be reviewed for consistency with the Annexation Agreement and the MPD Plans package, these conditions of approval including site design, building massing and height, setbacks, architectural design and vernacular, materials, colors, landscaping, lighting, fencing, grading, berming, trails, circulation for buses and emergency vehicles, parking and phasing, etc. and conditions of the Annexation Development Agreement. Rendered elevations, material and color samples, shall be provided for Planning Department review prior to approval of the Administrative Conditional Use permit. Maximum building height of Building 8 (formerly Pad 7) is limited to 50 feet or maximum height not to exceed 60 feet in the event a major, long term film production contract necessitates the full studio height in compliance with Paragraph 2.5(e) of the Annexation Agreement. Final Architectural Review pursuant to 15-2.23-6 shall be

concurrent with the Administrative CUP. Commissioner Jack Thomas shall participate in the Administrative CUP as a liaison for purpose of further input on final design and architectural elements. Final building footprints shall substantially conform to the MPD Site Plan approved by the City Council. Minor variations in building size and articulation will be considered by the Planning Director at the time of review of the Administrative CUP, provided that there is no increase in the total Gross Floor Area for each of the four main areas, namely: 1) the hotel, 2) office/sound stage support, 3) sound stage, and 4) retail/support. Final building footprints shall be located within the identified building pads.

5. A preliminary landscape plan, provided by a licensed landscape architect, and including landscape site design and materials consistent with those identified in the Annexation Agreement and as further specified in the MPD Plan package is required to be submitted with the Administrative Conditional Use permit application. The landscape plan shall identify grading, heights, and undulation of the perimeter berming to soften the view of the commercial structures. The landscape plan shall include a planting plan and an irrigation plan. Ground cover for green roofs shall also be included in the landscape plan. Perimeter landscaping should be of a substantial size and shall be reviewed and approved by the City Arborist and Landscape Architect. The landscape plan shall indicate how the landscaping will be phased and shall indicate perimeter plantings to be installed prior to vertical construction to provide screening of construction work. Temporary irrigation will be required to ensure these plantings survive. Final landscape plans, consistent with the preliminary landscape plan submitted with the Administrative CUP, shall be submitted and must be approved by the City with the building permit plan sets.
6. Parking lot and all other exterior lighting shall meet requirements of the LMC with additional restrictions on the overall wattage, automatic timers, and lighting designed in zones and shall comply with best lighting practices as recommended by the Dark Skies organization. A lighting plan, provided by a qualified lighting professional, shall be submitted with the Administrative Conditional Use permit application. The plan shall include a requirement to shut off lighting in parking areas used on an intermittent basis, particularly in the secure studio campus.
7. Security fencing on the property perimeter shall not exceed 7' in height and internal gate fencing may be 12' in height in areas limited to as shown on Exhibit F (page 42). Fencing shall not include razor wire or other details that read as "high security" fencing. Use of electronic monitoring is allowed. Fencing details shall be provided with the Administrative Conditional Use permit application and shall be consistent with the Final MPD Plan Package (Exhibit F, page 39) in terms of location, design, materials, colors, and extent. Perimeter fencing shall be phased consistent with the phased parking lot construction described in #16 below.
8. All vehicular access points to the development from SR-248 shall comply with any and all existing Corridor Preservation Agreements. Changes to

these Agreements must be approved by the Utah Department of Transportation. The City approves of the two proposed access locations as depicted on the Final MPD Plan Package (Exhibit F- page 9). The Applicant will be responsible for filing application for required access approvals with the Utah Department of Transportation. Without additional UDOT approvals, there will be a single public access to the property at the signalized intersection of Round Valley Drive and SR 248, and emergency access as approved by UDOT, and the Fire and Building departments.

9. In the event that the south secondary access point is approved, this access shall be located in such a way as to not preclude access to the adjacent City open space parcel. Necessary cross access easements shall be provided, on the subdivision plat, through the public area of the MPD to provide access to the signalized intersection for the City parcel.
10. Traffic Management Plans for special events shall be approved by the City's Special Events staff as well as by the City's Police Departments of Transportation and Public Safety. All necessary special event permits and conditional use permits shall be obtained prior to commencing the Special Event or Master Festival. No overcrowding permits may be granted by the Building Department. The Applicant agrees to City use of surplus parking, said "surplus" amount and availability determined by the Applicant, for City-approved special events, primarily for overflow parking for the Park City Sports Complex (ice, fields and hosted trail races). Provided such use is consistent with deed restrictions, the City will provide reciprocal use of surplus parking as determined by the City at the Sports Complex. Fees shall not be charged for the parking unless the host event is charging fees for the parking at other locations.
11. Outdoor activities and noise shall be limited to 7AM to 10 PM and shall not exceed the City's noise ordinance, unless otherwise allowed through a Special Event/Master Festival permit in accordance with the Municipal Code.

Interior and perimeter parking lot landscaping shall meet requirements of the LMC Chapter 3. Snow storage areas shall be provided in accordance with the LMC Sections 15-3-3(E) and 15-3-4.8(E).
13. At the time of the Administrative Conditional Use permit application, the applicant shall provide a detailed parking analysis to identify specific uses, square footage, employee, hours of operation, shared parking ratios, and other items that will allow the Planning Staff to calculate the parking demands as such relates to the progression of the proposed phasing plan. The parking analysis shall look at the extent to which alternative modes of travel (bus, shuttle, carpool, bike, etc.) and use of the Richardson Park and Ride can reduce the demand for parking at the site, on a day to day basis. The parking analysis shall also provide information about special events and parking demand. With reductions for shared parking as well as support uses which reduce the required parking spaces, parking spaces are hereby approved up to a maximum of 730

surface spaces, and an additional 150 spaces underground at the hotel, for a total of 880 parking spaces.

14. A phased parking plan shall be provided by the Applicant with the Administrative Conditional Use permit for approval by the Planning Department. The plan shall identify only essential paving with each phase of development, propose measures to reduce parking demand with various programs and incentives, and mitigate employee parking, particularly on the public campus and during construction. Prior to building each phase of parking, the applicant shall provide a parking analysis of existing conditions and needs, including traffic mitigation and use of the Richardson Park and Ride by full-time shift employees and mitigation of construction employee parking (such use the City hereby approves). The Planning Director must approve proceeding to construction for each phase of the parking; however such approval may not be unreasonably withheld. The final phase of parking area on Exhibit F, pg. 33 (farthest north/east lot) and any un-striped temporary parking shall contain a permeable surface area system.
15. The applicant shall pay the City \$75,000 to fulfill the proportionate share of the development's construction of public trail connections to the Park City Heights Rail Trail connector. The City shall build the trail. The applicant may install trail head amenities as shown on the MPD Plans at their expense.

17. Construction of a bus loop/bus shelter shall be provided prior to issuance of a certificate of occupancy for the hotel or mixed use buildings. The shelter shall be located at the bus drop-off located at one location of either option A, or B, as approved by the City Transit Manager. The Transit Manager may approve alternate location(s) as part of the Administrative CUP.
18. A grading plan shall be submitted with the Administrative Conditional Use permit application. Excavated materials shall remain on site to the greatest extent reasonably possible. Final grading plans, consistent with the preliminary grading plan submitted with the Administrative CUP, shall be submitted and must be approved by the City with the building permit plan sets.
19. Grading of the site, including the undulating berms and swales along SR 248 shall meet the sight distance and clear zone requirements of UDOT and be consistent with the grading proposed in the MPD Plans (with additional berm east of Building 2 adjacent to city property as reflected on revised sheets #10 and depicted on revised sheet #20, dated 5/24/12).
20. All landscaping, parking lots, driveways, roads, plazas, sidewalks, trails on the property, and other common areas shall be maintained by the property owner, or an Owner's Association, as the City will not maintain such areas.

21. Recycling centers shall be installed in the hotel, mixed use, and sound stage areas prior to issuance of a certificate of occupancy for the building.
22. The hotel shall provide shuttle service for guests within Park City and encourage guests to utilize shuttles from the airport as well as around town. The shuttle service shall be in place prior to issuance of a final certificate of occupancy for the hotel.
23. In accordance with Paragraph 2.5(h) of the Annexation Agreement, the applicant shall pay all applicable fees, including development, Building and Planning, Business licensing, and all other legally imposed fees and taxes collected by City Departments for services, utilities, etc.
24. A storm water management plan, prepared by a licensed professional, shall be submitted with the Administrative Conditional Use permit application and must meet all applicable code requirements on-site. The plan shall be consistent with best management practices for storm water management, including pre versus post run-off, water oil separators for parking facilities, and 100 year storm event detention on site. Final storm water plans, consistent with the preliminary plan submitted with the Administrative CUP, shall be submitted and must be approved by the City with the building permit plan sets.
25. Roof top mechanical equipment shall be architecturally screened from public view.
26. Trash and recycling enclosures shall be screened with landscaping, fencing, buildings, berms, etc. per the LMC.
27. LEED construction at the certified level without commissioning per the Annexation Agreement is required for the movie studios. The Applicant's architect shall score the construction and submit such to the Park City Building Department for confirmation. Based on the agreement of the anticipated manager of the complex, Raleigh Studios, Raleigh shall use best efforts to determine whether it is in their best interests to seek and obtain official LEED Construction Commissioning at the increased standard of Silver. However, at a minimum, the Hotel shall include a "Green" operational policy within industry standards and a door key activated light shut-off (or similar system) in all the rooms.
28. Areas of plazas, pedestrian walk ways, patios, etc. shall not be heat melted. Solar panels and skylights are allowed on rooftops per the LMC Chapter 5.
29. Acknowledging that the inside areas of the studio campus may be active 24/7, the applicant shall propose specific hours of operation for approval by the Planning Director as part of the Administrative CUP to mitigate traffic of employee loading and unloading. Support commercial uses, such as food service, deli, café, etc. shall be open during filming hours and office hours to mitigate vehicular trips off site for breaks and lunch. Where possible, set shift work will be scheduled in non-peak traffic times.
30. Additional Building articulation as required by LMC Chapter 5 shall be demonstrated on the final building plans prior to issuance of a building permit.

31. Permanent power shall be provided for the trailer parking area and the applicant shall use best effort to utilize solar or other renewable energy resource if technically and economically feasible.

33. Final Subdivision approval shall contain covenants and restrictions (CCRS) in compliance with Paragraph 2.6 of the Annexation Agreement.
34. Water service is provided by Summit Water. The applicant may be required to construct an emergency connection to the City system if required by state drinking water approval or the project fails the flow and standards required by the International Fire Code (2009), specifically including Section 507, Appendix B and Table B105.1. Should City service be necessary in the future, the project may first be required to annex into the City Water District and the applicant shall pay applicable impact and user fees in effect at such time and make such dedications as required by LMC 15-8-5(C) (1-3).
35. This MPD approval and zoning approved herein are limited to the terms of the Annexation Agreement and due to the unique circumstances regarding a legal settlement of historic claims in the Summit County Settlement Agreement, such approval shall not be considered precedent for future zoning amendments or annexation petition to this or neighboring properties in the Quinn's/CT zone area. All future development applications, changes in commercial use, or rezone requests shall be processed in accordance with the General Plan, zoning and LMC in effect at the time of application. The densities approved herein shall not be considered in terms of neighborhood compatibility in the event of a rezone or CT amendment request by other properties within the CT zone.

38. Specific soils test pits shall be reviewed prior to building permit issuance and if environmental issues, such as contaminated soils are present, a mitigation plan shall be required prior to issuance of permits. To satisfy this condition, developer may submit prior tests and studies performed on the property.

39. The secure studio campus shall serve as a public emergency shelter if approved within the City's Emergency Plan.
40. The Planning Staff and the applicant shall complete a review of the Administrative Conditional Use Permit within one year of the first certificate of occupancy, and the staff shall provide a report of the review to the City Council.
